DE AT ROCK ISI AND ARSENAL

MEDIUM KNURL
STRAIGHT OR DIAMOND

The technical drawing illustrates a threaded fastener with a major diameter of .312-.01 and a pitch diameter of .250+.00. The length of the shank is .061. Two options for the top surface are shown: a standard flat top or a knurled top. The text "UM KNURL" and "GHT OR DIAMOND" indicates these choices.
